

Combat Support Equipment Assessment (CSEA)

MATERIEL ACQUISITION DIRECTORATE
USAMMA

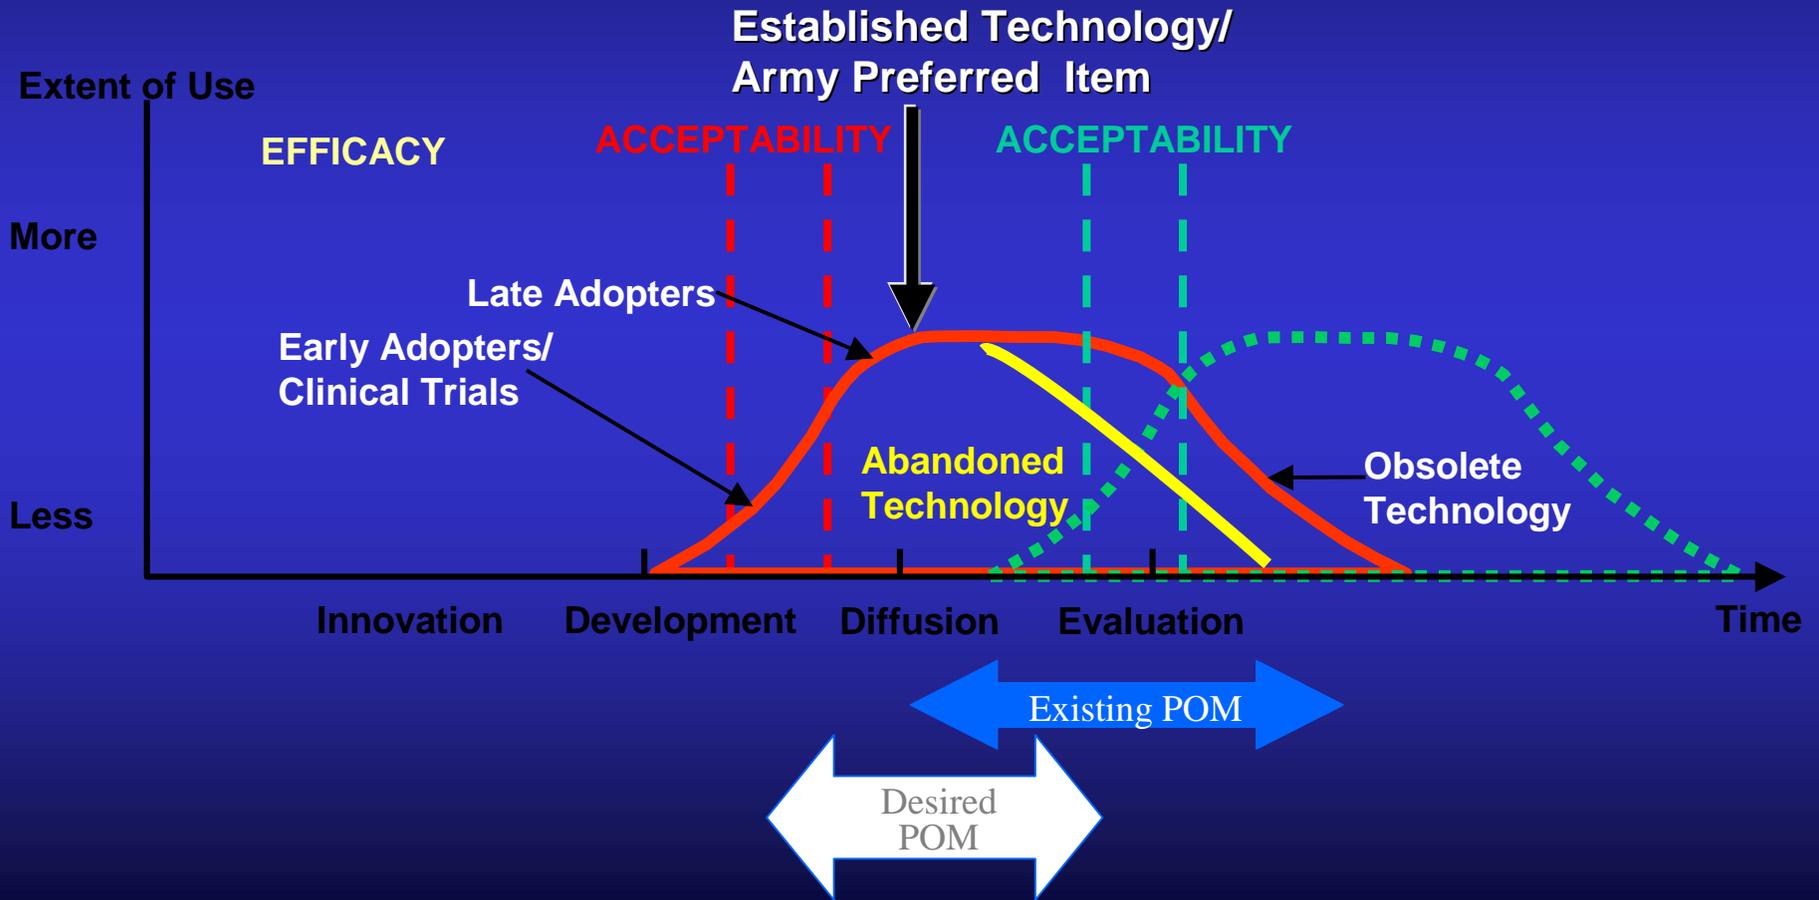

AGENDA

- What CSEA?
- Why CSEA?
- Who/Partners
- Assessment Process
- Value Added
- Calendar

WHAT IS TOE CSEA?

- Combat Support Equipment Assessment
- Review/assess Medical Field Equipment
 - FP I & II (AIS) / Army Prepositioned Sets
- Assist With Total Life-cycle Management
 - Evaluate Medical Equipment
 - Identify NNI
 - Identify & Provide Market Analysis
 - Recommend Acquisition Strategy Each FY
 - Assist Prioritization Process

EQUIPMENT LIFECYCLE

In Relentless Pursuit of Medical Readiness

WHY TOE CSEA (GOAL)?

- Anticipate Technology Changes, Program & Buy Equipment Prior to Obsolescence
- Recommend Correct Equipment/Technology for Mission, Based on Performance Based Req'm't
- Address Nonsupportable/ Nonsustainable/ Obsolete Items (NNI)
 - Eliminate All NNI in AIS Funded Units
 - Be Aware of All NNI in Non-AIS Funded Units

WHO / PARTNERSHIPS?

**LOGISTICIAN -
USAMMA**

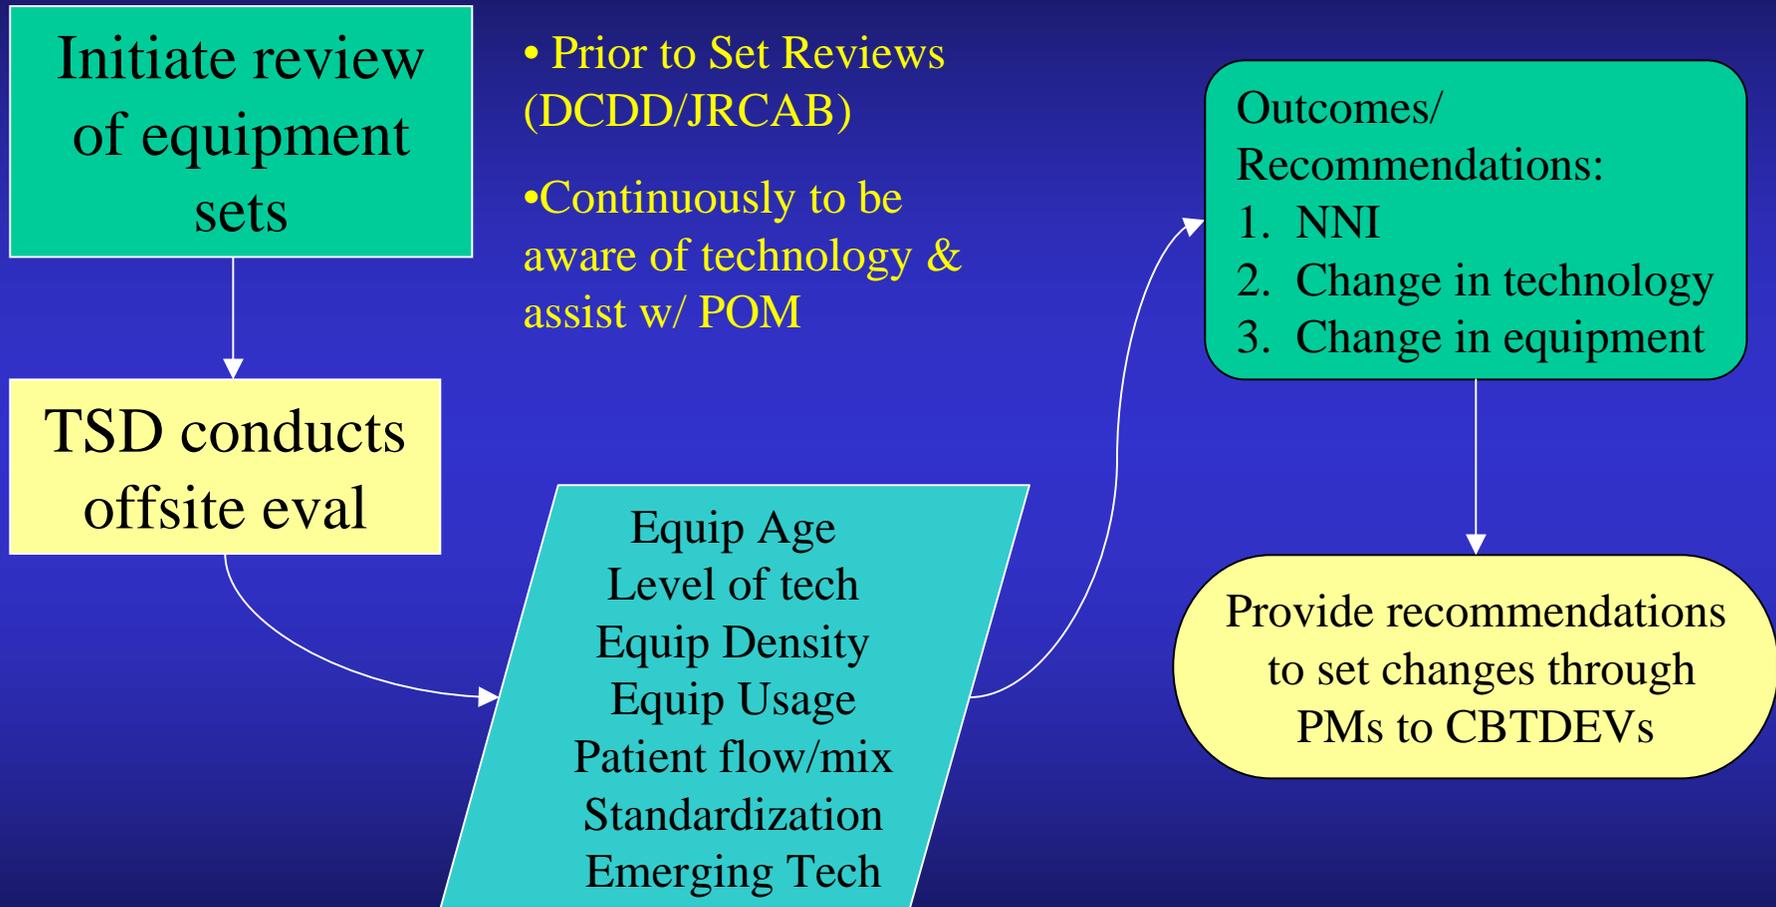

**USER
(FORSCOM/UNITS)**

**COMBAT
DEVELOPERS -
DCDD & JRCAB**

**MATERIEL
DEVELOPER -
USAMMDA**

OTHER SERVICES

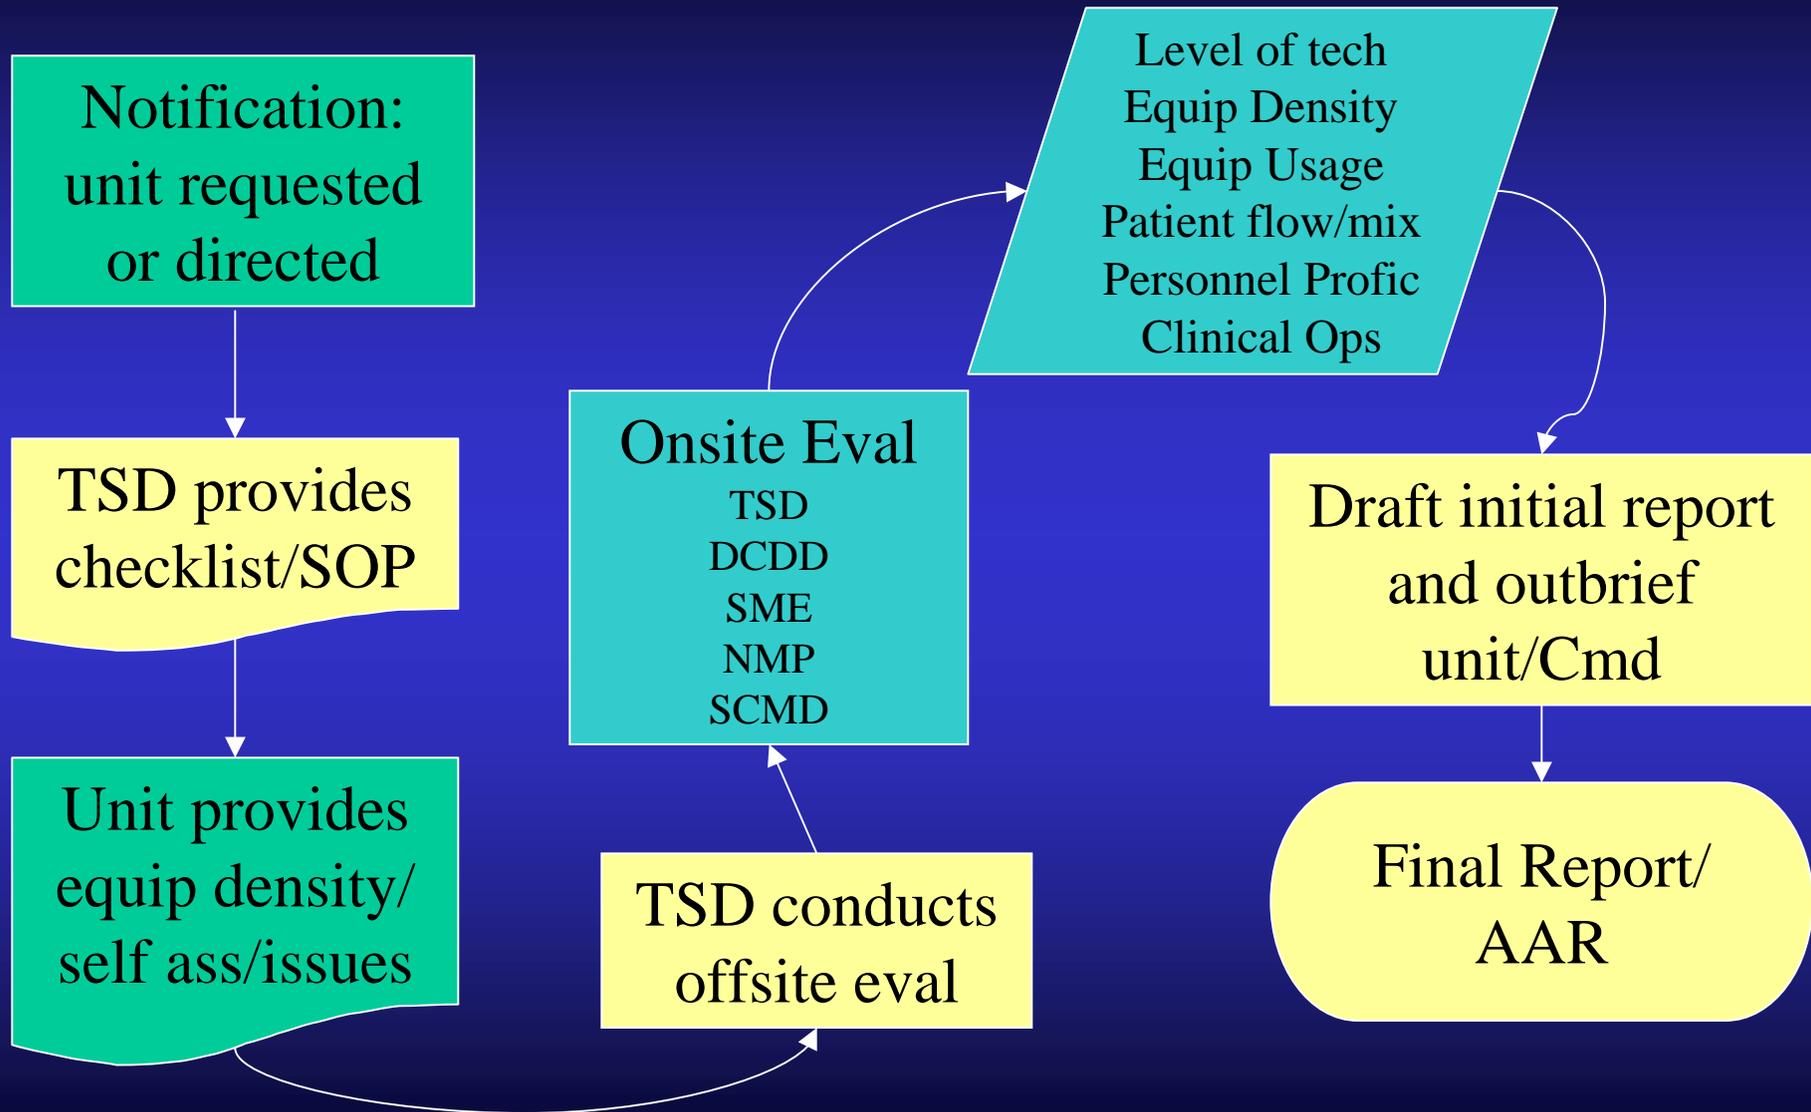

CONTINUOUS/REQUESTED DESK-SIDE ASSESSMENT

OFF-SITE ASSESSMENT

- Performed at USAMMA for Every Assessm'nt
- Review Unit Equipment List by Equipment Manufacturer, Make and Model
- Identify Obvious Equipment Shortfall
- Contact With Manufacturer If Required
- Address Issues /Recommended changes (Equipment and Unit Issues) Prior to On-site Visit (If Required)

ON-SITE ASSESSMENT

ON-SITE ASSESSMENT

- Conducted As Required
- Required to Establish Initial Baseline (Confidence Level) of Equipment Documentation Procedures
- USAMMA Does Not Have Accurate Documentation of Actual On-Hand Equipment

ON-SITE ASSESSMENT (cont)

- Performed at the Unit While in a Deployed/
Operational Environment
- Physical Interaction With Equipment and
Personnel
- Integrated Assessment Team

ASSESSMENT ISSUES

- Is Equipment Compatible With Mission Requirements and Technology Standards

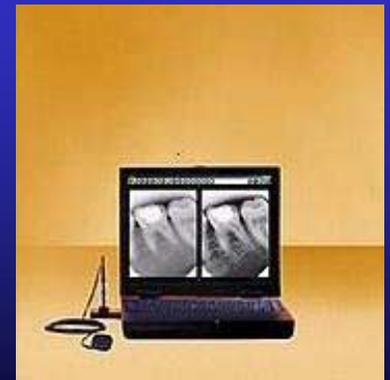

- Are Personnel Proficient With Equipment Operation

STANDARDIZATION

- Cost Avoidance
 - Training
 - Logistics
- Evolutionary Acquisition
 - Supportability
 - Familiarization

INFORMATION DISSEMINATION

- Information Will Be Managed in the TSD Database (TARA & CSEA)
- Additional Fields Will Be Added to MEDSILS (Yes/No Button and Narrative Box)
- Trends Will Be Posted in SB 8-75-S5
- LEA-KAP

VALUE ADDED/ROI

- Ongoing Analysis Vs. Cyclic Review
- Address Nonsupportable/ Nonsustainable/ Obsolete (NNI) Items
- Enhance POM Strategies
- Provides Relevant Technologies to Our Warfighters
- Reduce Operational & Support Costs
- Assess Operational Status of TOE Units

CALENDAR

- July 16-20 - CSEA Concept Proof - RTS-MED Fort Gordon
- August - September - CSEA JTF-B Honduras

FUTURE INITIATIVES

- Integration With Future Initiatives
 - Digitization
 - MC4
 - MRI
