LOGSA Training Mission

## Life Cycle Logistics

LOGSA's Logistics and Engineering Center (LEC) develops and maintains state-of-the-art supportability analysis and logistics management software tools to better enable weapon system Program Managers to support the Warfighter.

Visit the LEC Center Site

[Commander's Welcome](#)  
[COL Lofreddo's Bio](#)

#### MISSION

Provide timely and integrated life-cycle logistics information, knowledge and expertise in support of Soldiers globally to meet full spectrum operational requirements.

[LOGSA Overview...](#)

#### PURPOSE

LOGSA leverages emerging information technology and decision support capability to provide the Army with logistics information and solutions.

#### VISION

The Army's premier source of logistics information and expertise.

### US DEPARTMENT OF DEFENSE WARNING STATEMENT

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only.

By using this IS (which includes any device attached to this IS) you consent to the following conditions:

- The USG routinely intercepts and monitors communications on this IS for purposes including but not limited to penetration testing COMSEC monitoring network operations and defense personnel misconduct (PM) law enforcement (LE) and counterintelligence (CI) investigations.

- At any time the USG may inspect and seize data stored on this IS.

- Communications using or data stored on this IS are not private are subject to routine monitoring interception and search and may be disclosed or used for any USG-authorized purpose.

- This IS includes security measures (e.g. authentication and access controls) to protect USG interests—not for your personal benefit or privacy.

- Notwithstanding the above using this IS does not constitute consent to PM LE or CI investigative searching or monitoring of the content of privileged communications work product related to personal representation or services by attorneys psychotherapists or clergy and their assistants. Such communications and work product are private and confidential. See User Agreement for details.
