SPECIAL NOTICE

THIS SUPPLY BULLETIN IS DEDICATED ENTIRELY TO THE
BUSINESS OPERATIONS DIRECTORATE, US ARMY MEDICAL MATERIEL AGENCY
FOR THE DEPARTMENT OF DEFENSE

OVERVIEW OF THE BUSINESS OPERATIONS

a. The U. S. Army Medical Materiel Agency (USAMMA), Business Operations Directorate (BOD), provides customer assistance/support to the USAMMA's external customers as well as internal resources management, information management/information technology, and administrative support.

b. A brief description of BOD functions and duties are given below. Defined within this issue of the Supply Bulletin are specific functions relative to the Customer Relationship Management (CRM) Division.

1. **Office of the Director (MCMR-MMB)**

The MMB Director is accountable to the USAMMA Commander for the centralized services and shared resources that are essential for successful prosecution of the agency's mission. The Director is accountable to the Business Operations Directorate for strategic planning and coordination of the resources and activities that enable the Directorate to provide the highest quality of support to the agency.

2. **Administrative Support Office (MCMR-MMB-A)**

The Administrative Support Office manages the general administrative affairs of the USAMMA. A list of the many responsibilities of the Administrative Support Office would include facility management, mail, protocol, government travel credit card administration, OCONUS travel management, non-technical publications, records management and internal logistics support.

3. **Customer Relationship Management Division (MCMR-MMB-R)**

The primary focus of CRM is providing customer service, support, and satisfying information requirements. The CRM also performs information gathering, consolidation, and dissemination; quality control/quality assurance oversight; corporate communication; customer awareness; publication contribution; medical materiel complaint process coordination; wholesale/retail level collaboration; controlled substance receipt coordination; and tri-service executive agency functions.

4. **Resources Management Division (MCMR-MMB-C)**

The Resources Management Division consists of a Budget Branch, Managerial Accounting Branch, and a Personnel and Manpower Branch. The primary focus is to acquire and manage human and financial resources to enable the logistician to maximize the resources for evolving readiness requirements.

5. **Information Management/Information Technology Division (MCMR-MMB-I)**

The Information Management/Information Technology Division assures continuity of operations and sustainment through technology and the management of information. The IM/IT manages systems operations and network/communications requirements (including security awareness) for USAMMA'S business processing systems.

c. For additional information contact:

USAMMA
ATTN: MCMR-MMB-R
1423 Sultan Drive, Suite 100
Fort Detrick MD 21702-5001
Telephone DSN 343-4055/4389; commercial 301-619-4055/4389

SECTION 1. CUSTOMER RELATIONSHIP MANAGEMENT DIVISION

1-1. COMPLAINTS ON MEDICAL MATERIEL (SF 380 - Reporting and Processing Medical Materiel Complaints/Quality Improvement Report)

a. The medical materiel complaint is the customer's way of letting "the system" know there is a quality deficiency with a medical product. Deficiencies should be submitted on standard and non-standard items. The SF 380 is the vehicle for submitting Safe Medical Device incidents. Examples of discrepancies that should be reported on the SF 380 are:

- (1) Wrong or deficient labeling;
- (2) Foreign or particulate matter in liquids and solids;
- (3) Imperfectly manufactured items that are off-color, off-taste, and off-odor;
- (4) Suspected subpotency or superpotency;
- (5) Defective devices;
- (6) Pinholes in tubing, and/or
- (7) Faulty calibrations.

b. The SF 380 should be used to report quality problems involving non-standard as well as standard items (including all medical equipment). Most SF 380s are properly filled out, but the following problem areas are frequently seen:

(1) Each SF 380 must be numbered in the "NUMBER" block (below the date in the upper right corner) in the following order:

DODAAC/Julian Date/Serial Number.
Example: WK4FV1/4031/A001

(2) The serial number should begin with A001 and run consecutively.
Example: A001, A002, A003, etc.

(3) Use of an Alpha "A" in the first position of the serial number will distinguish materiel quality complaints from Report of Discrepancy (ROD).

c. All quality complaints should be submitted on the SF 380 to DSCP through the supporting installation medical supply account. Submit information copies of all such complaints to:

Commander, USAMMA
ATTN: MCMR-MMB-R
1423 Sultan Dr., Suite 100
Fort Detrick MD 21702-5001

d. Questions concerning the SF 380 process may be clarified by consulting:

- Army Regulation (AR) 40-61 (Medical Logistics Policies and Procedures), dated 25 Jan 95, Chapter 3, para 3-70 through 3-72,
- The local Medical Supply Officer, or

- Commander, Defense Supply Center Philadelphia
ATTN: DSCP-MBP
700 Robbins Ave
Philadelphia PA 19111-5092
Telephone DSN 444-2891/215-737-2891

e. A sample of the SF 380 is shown in Appendix B. The correct address for mailing the SF 380 is:

Defense Supply Center Philadelphia
ATTN: DSCP-MBP (SF 380 Medical Materiel Complaints)
700 Robbins Ave.
Philadelphia PA 19111-5092

f. An interactive SF 380 (see example in Appendix B) is available for direct submission to DSCP on the USAMMA Internet at **www.usamma.army.mil**. Note: Make a copy of the SF 380 for your records before you submit to DSCP. All activities are encouraged to utilize the on-line SF-380. It is faster, more efficient, and provides simultaneous electronic filing.

g. After normal duty hours, contact DSCP's Emergency Supply Operations Center (ESOC) at 215-737-2112, DSN 444-2112, Option 1, for assistance regarding medical emergency actions (Type I complaint) if needed. SF-380s may be TELEFAXed to the center at Commercial 215-737-2666 or DSN 444-2666.

1-2. CUSTOMER RELATIONSHIP MANAGEMENT

a. The Customer Relationship Management Division (MMB-R) is a complex and multifaceted organization. Primarily focused on our customers and fulfilling information requirements, the CRM also manages some critical programs that support force protection and readiness.

The MMB-R:

- Executes responsibilities for DOD-MMQC and Army Medical Materiel Information (MMI) message preparation and dissemination;
- Coordinates Army's medical materiel complaint submissions;
- Promotes customer awareness of USAMMA's products and services;
- Provides customer service and support; and
- Performs tri-service executive agency functions.

b. Questions regarding the preceding areas may be directed to:

USAMMA
Customer Relationship Management Division
ATTN: MCMR-MMB-R
1423 Sultan Drive, Suite 100
Fort Detrick MD 21702-5001
DSN 343-343-4055/4389 or Commercial (301) 619-4055/4389

1-3. DRUG ENFORCEMENT ADMINISTRATION (DEA) BIENNIAL CONTROLLED SUBSTANCE INVENTORY

a. The Controlled Substances Act (21 USC 801 to end) requires that each registrant of the DEA conducts total inventory of all controlled substances once every two years and maintains this inventory for two years. Army regulations greatly exceed this requirement, but the inventory conducted to meet the DEA requirement must be identified and maintained on file for DEA should they request a formal review.

b. The DEA has granted an exception to all Medical Department Activities (MEDDACs), Medical Centers (MEDCENS), and supported activities of the Department of the Army that follow inventory procedures outlined in AR 40-2 (Army Medical Treatment Facilities General Administration) and AR 40-61.

c. Activities will continue to conduct and maintain inventories according to Army regulations. This information is the authority for activities to disregard DEA notices to conduct special biennial inventories. Authorized users for purchase of controlled substances through Defense Supply Center, Philadelphia (DSCP) are currently listed in Table 1-1 below.

d. Appendix C contains the Listing Of Controlled Substances With Assigned National Stock Numbers.

1-4. OPEN SUSPENSION REPORT

a. The Open Suspension Report is a recapitulation of Open Suspension Items and supersedes all previous listings in their entirety when printed annually in the SB 8-75 Series. This report is generated from the USAMMA, Fort Detrick, MD, and will be published at our website at www.usamma.army.mil under **Publications**.

b. Disposition instructions have been issued on all previously suspended materiel except for what is listed in Appendix A.

1-5. QUALITY CONTROL (QC) MESSAGES

a. The DOD-MMQC message is a Tri-Service centralized reporting system developed to maintain a readiness posture by providing our MTOE activities, ships, and other deployed field units the same quality assurance (QA) information afforded fixed/TDA facilities. The DOD-MMQC process is an Integrated Medical Logistics Group initiative, designed to simultaneously disseminate QA information and rapidly notify hospitals, clinics, and medical units aboard ships or on foreign soil of potentially hazardous medical materiel. These messages contain urgent QA data emanating from pharmaceutical and/or medical device and equipment manufacturers regarding their products.

b. Once received at the DSCP, research is conducted to equate the product with NSNs. This information is transmitted to USAMMA and incorporated into the DOD-MMQC message format that contains all Service-specific requirements, POC information for return and/or disposition of product, and any other product related information. The program's primary purpose is to aid the Service-specific logisticians, supply managers, and/or pharmacists in assuring that the proper suspension of use, handling, and return of recalled product is accomplished to protect patient safety.

c. The recalls are classified as follows:

(1) Class I: A situation in which there is a reasonable probability that use of, or exposure to, a dangerous product will cause serious adverse health consequences or death.

(2) Class II: A situation in which the use of, or exposure to, a dangerous product may cause adverse health consequences.

(3) Class III: A situation in which the use of, or exposure to, a dangerous product is not likely to cause adverse health consequences.

d. The MMB-R also disseminates Army Medical Materiel Information (MMI) messages that contain information specific to the Army only.

e. These messages are available via two media:

(1) The World Wide Web (WWW) [available on the USAMMA Home Page at <http://www.usamma.army.mil>]. Select "DOD-MMQC Messages" on the sidebar and follow appropriate prompts.

(2) Electronic Mail

Register to receive QC Messages via E-mail by subscribing on USAMMA's website (address as above) under the "**What's New**" tab on the home page; select "**subscribe**".

1-6. SAFE MEDICAL DEVICE ACT (SMDA) OF 1990

a. References:

(1) AR 40-61, Chapter 3, Section XI, para 3-70-3-72

(2) AR 40-68 (Quality Assurance Administration), Chapter 3, para 3-5 - 3-7

(3) FDA Regulatory Procedures Manual

(Website: WWW.FDA.GOV.ORA/COMPLIANCE_REF)

b. Effective 28 November 1992, all Medical Treatment Facilities (MTFs) are required to report incidents that reasonably suggest there is a probability that a medical device has caused or contributed to the death, serious injury, or serious illness of a patient.

c. The SF 380 and Form 3500A (MEDWATCH, FDA Medical Products Reporting Program) will continue to be used in submitting the incidents. Under the existing DOD/FDA Medical Materiel Complaint Reporting Program, a copy of each SF 380 that satisfies the reporting requirements of the SMDA is furnished by DSCP to the FDA.

d. The use of the SF 380 is not limited to devices, and includes equipment as well as pharmaceuticals. All activities should continue to submit medical materiel complaints IAW AR 40-61, Section XI, Para 3-70 thru 3-72, meeting the definitions of:

(1) Type I - A supply or equipment item that has been determined by use or testing to be harmful or defective to the extent that the use has caused or may cause illness or death.

(2) Type II - Materiel other than equipment, which is suspected of being harmful, defective, deteriorated, or otherwise unsuitable for use.

(3) Type III - Equipment that is determined to be unsatisfactory because of malfunction, design, workmanship or performance.

e. The Joint Readiness Clinical Advisory Board (JRCAB), Fort Detrick, MD, and the DSCP will continue to adjudicate Type I, II, and III complaints in concert with the FDA and manufacturers to ensure compliance with the SMDA and the existing DOD/FDA agreement.

f. The medical materiel logistics officer who is responsible for submission of medical materiel complaints must coordinate with the quality assurance and risk management officers, IAW AR 40-68, Chapter 3, para 3-5.e.

g. A medical device is an article that is:

“(1) Recognized in the Official National Formulary or the US Pharmacopoeia, or any supplements.

“(2) Intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment or prevention of disease, in man or other animals.

“(3) Intended to affect the structure or any function of the body of man/animal, and which does not achieve its principal intended purposes through chemical action within or on the body of man/animal and which is not dependent upon being metabolized for the achievement of any of its principal-intended purposes.

“(4) Examples include: anesthesia machines, defibrillator, pacemakers, hemodialysis machines, heart-valve catheters, thermometers, patient restraints, contact lenses, hearing aids, blood-glucose monitors, x-ray machines, tampons, ventilators, wheelchairs, infusion pumps, etc.”

h. Penalties involving medical devices are addressed in the *FDA Enforcement Manual*, August 1997. In part, it states:

“... The Safe Medical Devices Act of 1990 allows the Food and Drug Administration (FDA) to impose civil money penalties against both companies and individuals for most, but not all, violations of the Federal Food, Drug, and Cosmetic Act applicable to devices [21 U.S.C. `333(f), see App I]. The FDA can impose the penalty administratively. It does not need the approval of the U.S. Department of Justice or an Order from a federal district court.”

i. A serious injury or serious illness:

(1) Is life threatening;

(2) Results in permanent impairment of a body function or permanent damage to a body structure; or

(3) Necessitates immediate medical or surgical intervention to preclude permanent impairment of a body function or permanent damage to a body structure.

j. For further information on this topic, call MCMR-MMB-R, DSN 343-2045 or 301-619-2045.

1-7. SHELF-LIFE MARKING DISCREPANCIES - POLICIES/GUIDANCE

a. To minimize confusion at medical activities regarding the disposition of medical materiel with discrepant shelf-life markings, a shelf-life marking discrepancy is defined as:

(1) A Type I or Type II Shelf-Life Item which is not marked with an expiration date, or

(2) An Estimated Storage Life (ESL) item which is marked with an expiration date (should have date of manufacture).

NOTE: Locally procured medical materiel (i.e., AAC "L" NSNs or Management Control Numbers [MCNs]) may be procured from various manufacturers that may have different stability data. Activities utilizing locally procured medical materiel will follow the shelf-life markings placed on the package by the manufacturer regardless of the shelf-life code reflected in the FED LOG, UDR, and AR 702-18, *Quality Control Depot Serviceability Standards, Appendix M, Medical Supplies*. The shelf-life data for AAC "L" NSNs in the FED LOG and UDR is representative of only one of many possible sources.

b. Table 1-2. provides guidance for determining if materiel has a discrepant shelf life marking.

<u>Table 1-2. Guidance for Materiel with Discrepant Shelf Life Markings</u>			
<u>SHELF-LIFE MARKINGS</u>	<u>REPORTED AS TYPE I</u>	<u>REPORTED AS TYPE II</u>	<u>REPORTED AS ESTIMATED ESL</u>
If Expiration Date Markings Are on Package:	Utilize Materiel	Utilize Materiel	REPORT TO USAMMA and Utilize Until Expiration Date
If NO Expiration Date Markings Are on Package:	Suspend Materiel & Report to USAMMA	Suspend Materiel & Report to USAMMA	Apply Appendix M Codes DLAR 4155.73 / AR 702-18. If not found in Appendix M, call product manufacturer

1-8. SUBMITTING REPORTS OF DISCREPANCY (SF 364) AND REPORTING AND PROCESSING MEDICAL MATERIEL COMPLAINTS/QUALITY IMPROVEMENT REPORT (SF 380)

a. All SF 364 discrepancies should be forwarded to:
 Commander, Defense Supply Center Philadelphia
 ATTN: DSCP-MRCM (SF 364 ROD)
 700 Robbins Ave.
 Philadelphia, PA 19111-5092
 For assistance call DSN 444-8419 or 215-737-8419/Telefax ext. 8005.

- b. All SF 380 complaints should be forwarded to:
 Commander, Defense Supply Center Philadelphia
 ATTN: DSCP-MBP (SF 380 Medical Materiel Complaints)
 700 Robbins Ave
 Philadelphia PA 19111-5092

For assistance call: DSN 444-2891 or 215-737-2891/Telefax extension 2081.

c. An interactive SF 380 (see example in Appendix B) is available for direct submission to DSCP on the USAMMA Internet at www.armymedicine.army.mil/usamma. Be sure to make a copy of the SF 380 for your records before you submit to DSCP. All activities are encouraged to utilize the on-line SF-380. It is faster, more efficient, and provides simultaneous electronic filing.

d. After normal duty hours, contact DSCP's Emergency Supply Operations Center (ESOC) at 215-737-2112 or DSN 444-2112, for:

- Assistance regarding medical emergency actions (Type I complaint) if needed, or
- SF-380s may be telefaxed to the center at 215-737-2666 / DSN 444-2666.

1-9. WEB-ACCESSIBLE CUSTOMER RELATIONSHIP MANAGEMENT DIVISION PRODUCTS

The following CRM products are available on the USAMMA website at www.usamma.army.mil

- (1) Subscribe to Receive QC Messages

On the USAMMA'S Home Page under "**What's New**", select **Subscribe to QC Messages** to register and receive messages as they are issued via email.

- (2) DOD-MMQC MESSAGES

On the USAMMA Home Page Side Bar, select **QC Messages**. Choose from a variety of search options to find the recall or information bulletin needed. Available for search and view on this hot button are:

- DOD-MMQC Messages
- MMI Messages (Army)
- Anthrax Vaccine Messages
- Flu Vaccine Messages
- SLEP Messages

By clicking on any of the above options, then identifying specific message (e.g., DOD-MMQC-04-1060 or subject, etc.) or range of messages (e.g., for all messages issued in CY 2004, input "04"), a listing of messages is displayed with message number and subject. Simply select the appropriate message number, and a full display of the issued message will be available for viewing and downloading in its entirety.

(3) DOD SF 380

Included on the USAMMA's Home Page to assist our customers in filing form SF 380-- Medical Materiel Complaint, this site offers an Information Paper, Regulatory References, Guidance for Completing the Form, and the ON-LINE FORM itself. By filling out the form on-line, simultaneous filing is generated to the DSCP and the USAMMA.

(4) INFORMATION PAPERS

The following Information Papers, provided under the "**Information Management**" hot button, were prepared by MMB-R personnel relative to MMB-R responsibilities:

- DOD-MMQC Messages
- Medical Materiel Complaints

**APPENDIX A. OPEN SUSPENSION REPORT

2004 INDEX - SB 8-75-S3

<u>SUBJECT</u>	<u>SB 8-75-</u>	<u>PAGE</u>
Authorized Recipients of Controlled Substances DODAAC Requisitioners (Table 1-1)	S3	1-4
Complaints for Medical Materiel (SF380 – Reporting and Processing Materiel Complaints/Quality Improvement Report)	S3	1-1
Controlled Substances Listing With Assigned National Stock Numbers (NSNs)	S3	C-1
Customer Relationship Management	S3	1-2
Drug Enforcement Administration (DEA) Biennial Controlled Substance Inventory	S3	1-3
Glossary for SB 8-75-S3	S3	GL-1
Guidance for Materiel with Discrepant Shelf Life Markings (Table 1-2)	S3	1-8
Interactive Copy of SF 380 (Online Copy) - Sample Form	S3	B-1
Online/Interactive Sample Form (SF-380)	S3	B-1
Open Suspension Information	S3	1-5
Open Suspension Report 2004	S3	A-1
Overview of SB 8-75-S3	S3	i
Quality Control (QC) Messages	S3	1-5
Reporting And Processing Medical Materiel Complaints/Quality Improvement Report (SF-380) (Sample Form)	S3	B-1
Safe-Medical Device Act of 1990	S3	1-6
Shelf-Life Marking Discrepancies - Policy/Guidance	S3	1-8
Submitting Reports of Discrepancy (SF 364)	S3	1-8
Submitting Reports of Medical Materiel Complaints (SF 380)	S3	1-8
Web-Accessible Customer Relationship Management Products	S3	1-9

By Order of the Secretary of the Army:

PETER J. SCHOOMAKER
General, United States Army
Chief of Staff

Official:

JOEL B. HUDSON
Administrative Assistant to the
Secretary of the Army

Distribution:

To be distributed in accordance with initial distribution number (IDN) 340016, requirements for the SB 8-75 Series.
